

DECLARATION OF CONFORMITY
(Law 10/91, art. 32 – D.M. 02/04/98, art. 3)

The undersigned Harry Walkoff in charge as (legal director, technician) of the company
Aspen Aerogels, Inc.

declare

that the production of the insulating material (please indicate **the precise name** of the product) Spaceloft® (5mm and 10mm) is in conformity with what is fixed by the law 10/91, art. 32 and by D.M. 02.04.1998, art. 3.

The thermal conductivity is measured in laboratory according to the criteria of the rule ISO 8301 (or similar rules as: ISO 8302, UNI 7891, UNI 7745, EN ISO 8497, DIN 52612) with reference to the average temperature of 10°C. The values are taken 90 days after the production date.

The values declared ($\lambda_{90,90}$) and reported on the product's labels are determined according to the rule **ISO 10456** and represent 90% of the production and with 90% of reliability.

$$\lambda_{90,90} = \underline{0.014} \text{ W/mK}$$
